NF- ASSP December Newsletter

Happy holiday to all! We hope all our members and friends are happy and enjoy this holiday season. Please practice safety awareness during your activities and travel at this time and throughout the year.

Our chapter earned the Gold Level Status in the 2022-2023 program year and we are working toward this status again this year.

For those of you who attended our welcome back member Happy Hour/Mixer at Duende Cantina at Silo City know it was a great time and a fun place to check out!

Our November meeting with *Bradley S Hahn, Safety and Health Inspector, New York State Department of Labor Division of Safety and Health* provided all those who attended some great insight into OSHA record keeping. We had a great discussion following the presentation.

We are working on additional programs for the New Year. If you have any suggestions for topics, presenters or a place we can tour let us know.

Any member currently working toward a professional safety designation or interested in pursuing should let us know at president.nfassp@gmail.com. Our ASSP region will consider requests for assistance in obtaining a professional safety designation. Also check on the ASSP website for sources of assistance for members.

Nominations are now being accepted for the Safety Professional of the Year Award (SPY Award). For more information about the SPY award, go to <https://nf.assp.org/nominations/>.

We are looking for members interested in a chapter officer positions and chapter representative to the National ASSP Advisory Group in 2024-2025. Let us know if you are interested, or e-mail at president.nfassp@gmail.com.
