

Niagara Frontier Council - ASSP Newsletter

October 2024

We hope everyone enjoyed our extended summer and now Autumn's colors

Here are some important dates to remember:

ASSP Foundation Applications for financial grants to assist in studying for a safety designation, or personal development in the area of safety start October 15, 2024, and must be submitted no later than February 15th. Go to <https://foundation.assp.org/> to apply.

Save November 21st at 5pm we will have an OSHA Update by Nick Donofrio, Compliance Assistance Specialist for the Buffalo Area. If you heard Nick do an update before, you know you will be in for an informative meeting. The meeting will be held at the Painters & Allied Trades District Council 4 - 585 Aero Drive, Cheektowaga, NY.

We are looking at having a discussion on Lithium battery safety with Jack Loewer from DiVal Safety in **December**. We will let you know the date and location

We are working on other meeting topics but It's not easy coming up with ideas for meetings that serve the needs of our members. Please provide us with input; email suggestions to: president.nfassp@gmail.com. It helps us serve you, the Chapter members!

Our Chapter can receive funds from our Regional ASSP for a student scholarship. If anyone is interested in starting a scholarship committee let us know at president.nfassp@gmail.com.

If you know of any group (facilities engineers, human resources, etc.) that may have safety responsibilities, please invite them to a meeting where we have topics that would interest them! ASSP is here to serve all people who have safety responsibilities.

The Niagara Frontier Chapter of the ASSP
