Loss Control Specialist

Position Focus:

- Address the loss control and safety needs of middle and large market clients through on-site consulting. This will include: evaluating loss trends, physical site evaluations, and assessing current safety policies and programs. Improvement recommendations and follow-up are required
- Provide safety training to clients that may include but is not limited to OSHA programs (lockout, haz com, falls, excavations, walking working surfaces, etc.), driving safety, and liability exposure control
- Assist in the development of safety committees, programs and policies, includes providing written support documentation, training, and attending committee meetings
- Act as “outsourced safety director” to clients that do not have a full-time safety staff
- Develop and maintain positive relationships with clients, carriers, agency personnel and other business contacts
- Support all Lawley initiatives as requested, guided by company values, sales culture, business needs and scorecard

Successful candidates possess:

- 3 years of experience or a degree in safety, risk management, engineering or related field. Experience in a safety-related role working on construction projects, health care, or industry is preferred
- Experience in the commercial insurance industry is desirable
- Extensive knowledge of Microsoft Office, including Word, Excel, PowerPoint & Outlook
- Demonstrated knowledge of OSHA regulations 29 CFR 1926 as applied to the construction industry and 1910 applied to general industry.
- Experience with NY state code 59, industrial hygiene testing and/or client seminars of loss controls subjects is desirable
- OSHA Certification 30 Hour Preferred
- Ability to work well independently and on a team
- Flexible schedule to meet timing requirements of client needs,
- Ability to travel 50% of the time to *local* clients; overnights not generally required
- Incredible attention to detail and organizational skills
- Positive attitude, even in a fast paced environment
- A passion to make customers and coworkers feel important and valued
- Capability to work quickly and efficiently
- Precise communication skills, even under time constraints
