FIRE SAFETY IS EVERYONE'S RESPONSIBILITY

In every workplace, fire prevention helps protect people, property, operations and our communities.

CONTROL IGNITION SOURCES

Keep hot work, electrical equipment, and combustible materials properly managed.

KEEP AREAS CLEAN

Remove combustible waste, packaging and unnecessary materials.

MAINTAIN ELECTRICAL SYSTEMS

Inspect cords, plugs, panels and equipment for damage or overheating.

STORE HAZARDOUS MATERIALS SAFELY

Follow proper storage, labeling and ventilation requirements.

KEEP EXITS AND ACCESS CLEAR

Ensure egress routes and emergency equipment are always accessible.

KNOW AND USE FIRE EXTINGUISHERS

Be trained on the correct type and proper use (PASS method).

HAVE A PLAN AND PRACTICE IT

Know what to do, where to go and conduct regular fire drills.

USE THE
PASS
METHOD

PULL
AIM
SQUEEZE
SWEEP

PREVENT FIRES
PROTECT LIVES
